

## ES800

For Indoor Use

In addition to being compact and elegant, the ES800 features the new patent-pending ElectricMiser technology, making it one of the quietest, most powerful air coolers in its category.

Operating at a whisper-quiet 25 dB in QuietSleep mode and blasting air out at 350m<sup>3</sup> per hour in TurboBlast mode, the ES800 is incredibly powerful for a compact spot cooler.

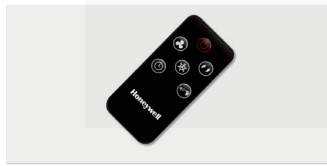

Extremely energy efficient, the ES800 consumes only 2.7 watts\* of electricity in QuietSleep mode – or about the equivalent of charging a smart phone. Additional unique features include a patent-pending water tank filter, an innovative water channel design and an elegant glowing water level indicator light. It also boasts gentle water stream sounds, universal voltage compatibility and a detachable power cord for easy storage and maintenance.

Product Dimensions (in): 9.8 (W) 12.4 (D) 28.8 (H)  
Net Weight: 5.3 kg / 11.6 lbs

## FEATURES & BENEFITS

Low Power Consumption  
36 Watts\*

Water Capacity  
7 L\*\*

Cools Up To  
12 m<sup>2</sup> (130 ft<sup>2</sup>)\*

Powerful Air Flow  
359 m<sup>3</sup>/hr (211 CFM)\*

4 Speeds:  
High / Medium / Low /  
Sleep

QuietSleep Mode

TurboBlast Mode

Ice Compartment For  
Faster Cooling

Honeycomb  
Cooling Media and  
Carbon-Dust Filter

Energy Saving Off Timer
